Tour Description

Coral Island or locally know as Koh Larn, 7km from Pattaya Beach, has six beaches around the island. Coral Island is a beautiful getaway destination located three kilometres southeast of Phuket. The island features two main beaches, Long Beach and Banana Beach.

Sak Island is a tiny horseshoe-shaped island about 10km west of Pattaya, just 600m from Coral Island (Koh Larn). Unlike its much larger neighbour, this idyllic little crescent of land has no permanent settlements, but remains an extremely popular destination for tourists visiting the area because of its gorgeous white sandy beaches.

Kror Island is situated 8 km away from Pattaya to the right of Koh Larn. The eastern part of the island has a flatter shore with white sand - this is where the only beach is. Its length is 100 m. Along the western and south parts of the island lie forbidding rocks. Koh Krok is famous for its talented carving masters who live in Ang Sila which used to be a fishing village. Here you can get unusual souvenirs - carved stone figures.
